## SUMMARY

- Results-driven Software Developer proficient in Java, SQL, and DSA, specializing in Android and web application development, backend integration, and database management.

## WORK EXPERIENCE

### Infosys SpringBoard

Mumbai, MH

Java Development Intern

Nov 2025 - Feb 2026

- Implemented user registration with OTP verification, login/logout, and session-based authentication.
- Ensured user-specific task isolation, where each user can access only their own tasks.
- Built full CRUD functionality for tasks with priority, status, due dates, and completion tracking.
- Applied BCrypt password hashing for secure credential storage.
- Tech Stack:** Spring Boot, Thymeleaf, JPA (Hibernate), MySQL, HTML, CSS, and JavaScript.
- GitHub Repository:** [Automated Task Management System](#)

### OIBSIP Infobyte

Mumbai, MH

Java Development Intern

Aug 2025 - Sep 2025

- Developed a Train Reservation System using Java, Spring Boot & MySQL.
- Implemented backend integration, REST APIs, and database management.
- Utilized GitHub for version control and collaboration.
- Performed debugging and unit testing to ensure backend stability.
- Tech Stack:** Java, Spring Boot, MySQL (Database)
- GitHub Repository :** [Train Reservation System](#)

## PROJECT EXPERIENCE

### K.P.B. Hinduja College

Mumbai, MH

Milap – A Dating App

Feb 2025 - Jun 2025

- Android app built with Java & XML, integrated Firebase for authentication, database, and storage.
- Implemented features including profile swiping and real-time chat functionality.
- Tech Stack:** Java · XML · Firebase (Auth, Realtime DB, Storage)
- GitHub Repository :** [Milap](#)

### Personal Portfolio Website

Mumbai, MH

[arnabdev.online](https://arnabdev.online)

Sep 2025 - Oct 2025

- Designed and developed a **modern personal portfolio** using **HTML, Tailwind CSS, JavaScript**
- Implemented features like a **dark/light mode toggle, a project showcase, a skills slider, and contact form integration**.
- Hosted on **Netlify with a custom domain** and connected GitHub for CI/CD deployment.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript

**Frontend:** HTML5 (Semantic HTML), CSS3, Tailwind CSS, Responsive Design (Mobile-First)

**Framework:** React, Spring Boot, Node.js, REST API Development

**Database:** MySQL, Firebase Authentication, MongoDB

**CoreConcepts:** Data Structures & Algorithms, OOP, DBMS, REST API design, SDLC, CI/CD tools, AWS

## EDUCATION

### Yashwantrao Chavan Maharashtra Open University

Mumbai, MH

Bachelor of Computer Applications (BCA) with 7.27 CGPA

Graduation Date: Jun 2025

## CERTIFICATION

**Master Spring, Spring Boot, REST, JPA, Hibernate - Udemy (Dec 2025)**

**Generative AI for Data-Driven Business Decision-Making -**

INDIAN INSTITUTE OF MANAGEMENT MUMBAI (Apr 2025)

**Programming using Java – Infosys Springboard (Jun 2025)**

**NoSQL Databases - Infosys Springboard (May 2025)**
